To: New York Metro ROU
(For All Managers and Reps With Rx Place except Division 1330)

Subject: ***RX Place Drug Mart - Contracts Implementation***
(ID #1153 00 00)

The Rx Place Drug Mart implementation of contracts should have been completed utilizing our plastic PPD parts at two registers on the front counter; each register should have two 3-wide trays over two 3-wide trays with a riser card. Total front facings 24.

Winston-Salem is currently developing a new wire display that will be available 1st Quarter 1996, that will replace the above mentioned units. As these displays become available, I will order the quantities needed. Non self-service displays should have two 40 pack System III trays with riser cards. The top tray should be utilized for Savings brands and the lower trays can be utilized for current promotions.

I have entered the new contracts in the system, effective 11/95

If you have any questions/problems regarding stores, please contact me.

Thank you for your assistance.

Sincerely,

George H. Moulton
